Last Week's Program

Our own Dr. Russell Booker presented our program last week, sharing his experience from a recent trip to Finland to learn about their education system, which ranks in the top three systems in the world. He told us that they believe education is a basic human right, and teachers are regarded as professionals at the same level as physicians and lawyers. They do not have inspections and standardized testing as we do in the U.S., and their system is built on autonomy and trust.

Upcoming Programs

- Jan. 29 Spartanburg Philharmonic - Stefan Sanders
- Feb 5 World War II Novel - The Wooden King
- Dr. Tom McConnell
- Feb. 12 Effects of Offshore Drilling on the Carolina Coast

Please consider buying an advertisement in the program for Spartanburg Sings, or making a financial contribution. The deadline has been extended to **Friday, January 25**. Proceeds raised from the event are used to support our Rotary Club's At-Risk Youth Program in which community organizations working with youth throughout the county may apply for grants.
