Last Week's Program

Larry Riley presented our program last week, and also gave his new member talk! Larry was named Publisher of the Spartanburg Herald Journal in March, 2014. He told us that the newspaper not only provides news, but also serves as a voice for the community. He also spoke about the changing economies for newspapers, with an ever increasing number of readers choosing digital versions rather than print.

March 17 NCAA Selection Committee - Lee Fowler

March 24 **NO MEETING** - Rotary Social - Thursday 3/26

FUN FACTS

Dr. Laura Mills Summers

I was born in San Antonio Texas at Brook Army Medical Center. Before entering the 6th grade, I lived in 6 different cities (as a child of an Army Colonel, we moved frequently). In 1994, my dad retired from the Army and we moved to Spartanburg. I attended McCracken, Spartanburg High School and Landrum High School. At Landrum High School, I played basketball, tennis and ran track. I have always loved horses and was able to be an NCAA athlete as a member of College of Charleston's Equestrian team. In college, I majored in Biology and Business Administration. Following graduation from college in 2004, I attended the Medical University of South Carolina's College of Dental Medicine. While in dental school, I met and started dating my husband, Josh Summers. I went on to do my Oral and Maxillofacial Surgery Residency at MUSC, finishing in 2012. I am currently in private practice with my father, Bill Mills. I have always loved animals. As a child, I had a pet chicken named CC and a pony named Sassy. I also enjoy running, cooking, traveling, and spending time with friends. Josh and I have 2 dogs, Belle, a yellow lab and Joey, a Jack Russell terrier. We are excited about welcoming a baby into our family this February 2015!
