Last Week's Program

James Bakker gave us an update on the restoration of the Montgomery Building, which reopened on December 6th. Mr. Bakker told us their vision was to restore the building to its former glory, the result of a \$29.5M project. They were able to use tax credits to cover about 45% of the equity costs. The restored building includes 12,000 square feet of retail space, 25,000 square feet of office space and 63 apartments with outstanding views.

Upcoming Programs

Feb. 12 Effects of Offshore Drilling on the Carolina Coast

Saturday, February 2nd @ 3:30
Spartanburg District Three Community Auditorium
(Broome High School)

FUN FACTS

Tyler Corvin

1. I graduated from Virginia Tech – Go Hokies! That is also where I met my wife, Rebecca.
2. My wife and I are both certified SCUBA divers. Diving highlights include swimming with tiger sharks, rare sea turtles, manta and sting rays.
3. I didn't start playing football until I was in 11th grade. After starting, I played or coached in high school and college for eight straight years.
4. My wife and I have a nearly 3-year-old son, Aiden. He loves any activity outdoors, especially if it involves a ball or water.
5. I enjoy working with startup businesses and used to be an educational speaker to entrepreneurs in the wedding industry.
6. I used to be a professional wedding and sports photographer.
7. I didn't travel west of Louisiana until after I graduated from college.

We will be updating the printed membership roster. If you have any changes since last January's printing, please email them to Jim Reilly at: jreilly@minutemanpress.com. You can update your picture by having a new photo taken at Terrell Photography. **The deadline to make changes is January 31.**
