Last Week's Program

Last week South Carolina Attorney General Alan Wilson gave us an update on the strategic priorities for his office. Human trafficking: South Carolina historically was one of the worst in the country, but due to a law passed in 2012 we are now one of the best. Other priorities are internet crimes against children, the opioid epidemic and offshore drilling and exploration. He told us that South Carolina has joined a lawsuit filed against the federal government to stop seismic testing for oil and gas off the South Carolina coast.

Battle Hymn of the Republic

Mine eyes have seen the glory of the coming of the Lord
He is trampling out the vintage where the grapes of wrath are stored
He hath loosed the fateful lightning of His terrible swift sword
His truth is marching on
Glory, glory, Hallelujah, Glory, glory, hallelujah,
Glory, glory, hallelujah, His truth is marching on.
